

Press Release

Härkingen/Gunzgen, 15 April 2024

RONAL Bathrooms is presenting its first four innovative modern bathroom concepts, that take new aesthetic and functional paths. The bathroom concept “Wellness” includes sauna, hammam and wellness bathtub, accompanied by a smart shower solution for a complete wellness experience. All RONAL Bathrooms concepts will be unveiled by RONAL Bathrooms at the Salone del Mobile in Milan the 16 April.

The bathroom concept “Wellness” is a perfect example of a made to measure and customized wellness solution, to fully match the customers' expectations and requirements.

The wellness space includes sauna, hammam and wellness bathtub for a complete wellness experience, that can fit both professional spas and private homes. The spa elements are accompanied by the intelligent and smart shower solution INMAN InSens which controls and saves both energy and water usage, sustainably.

The special highlight of the wellness space is the single-piece freestanding wellness bathtub NAMI, characterized by its unique shape and an emotional perimeter light on the bottom. This bathtub or even mini-pool has been created exclusively for the Salone Del Mobile.

RONAL Bathrooms concept “Wellness”

RONAL Bathroom products within the bathroom concept “Wellness”

The modular wellness composition **Chillout** with the **Sauna and Hammam** modules from **GLASS 1989**, both showing new finishes and colour palette. Within the Chillout Hammam module, the smart shower concept **InSens from INMAN** is integrated.

Completely new for the Salone del Mobile: the freestanding **wellness bathtub NAMI from GLASS 1989**. With its unique and iconic design, it is a real eyecatcher and it is displayed as a wellness bathtub with airpool system and perimeter LED light.

- Chillout modules, GLASS 1989

Chillout is an extremely versatile modular solution that allows multiple ways of composition. 3 modules are available for Chillout: HAMMAM, SHOWER (or SHOWER&STEAM) and SAUNA. All modules can be adapted to the architectural needs of the room.

- INMAN InSens

The smart-shower concept INMAN InSens combines comfort, design and respect for the environment. InSens reduces water consumption up to 70 percent and energy consumption up to 50 percent for every shower. The ideal temperature and amount of water can be conveniently set in advance using a digital pad or smartphone. The water consumption is displayed directly in real time on the LCD color screen while showering.

- NAMI wellness bathtub, GLASS 1989

One-piece freestanding wellness bathtub in acrylic from GLASS 1989, with external gelcoat finish, available in matt white and glossy white finish. NAMI is equipped with an overflow hole, up&down waste in same finish of the bathtub and siphon. A remote control is available to control the airpool and the lighting.

The RONAL bathroom concept “Wellness” and all other RONAL Bathrooms concepts will be presented by RONAL Bathrooms at the Salone del Mobile in Milan the 16 April, Hall 06, Stand D25.
